

Important Reminders

1. A student may not earn credit by examination in an area in which the student previously has attempted or completed an equivalent college course, a course of similar level, or one that is more advanced in content level. A course in which a student was enrolled until a W (withdrawal) was submitted in place of a grade is considered to be an attempted course.
2. A maximum of 32 semester hours of credit by examination may apply toward degree requirements. This includes credit earned by CLEP, Advanced Placement, UNI departmental examination, and examinations from other colleges and universities.
