We believe in your unique potential; there's really no one like you. At UNI, you'll have the freedom to define who you want to become and where you want to go. You'll experience a "students-first" culture that literally puts your priorities as the top priority.

Surrounded by a supportive environment and accessible, devoted professors who encourage you to aim higher, you'll discover your own purpose and the power in your own voice. And in four short years, when you look back, you'll see how far you've come, how your potential has transformed into possibility and how you've achieved beyond what you ever imagined.

It's not a fluke starts with UNI.
It's fair to say that within every single UNI major, there exists a diverse range of career paths. By combining your personal areas of interest and ideas with advice from your professors and academic advisor, you'll be on your way to finding that "just right" major and future career.

*Bachelor of Applied Science online program

160+ majors and minors is just a starting point.

It’s fair to say that within every single UNI major, there exists a diverse range of career paths. By combining your personal areas of interest and ideas with advice from your professors and academic advisor, you’ll be on your way to finding that “just right” major and future career.
“I’m taking what I’ve learned at UNI so far and applying it to real-world experiences at John Deere. Not only are my engineering skills getting tested — I am learning to collaborate with others outside the classroom setting.”
Reach high and you’ll grab opportunities everywhere.

Come with goals, leave with a two-page resume.

Perhaps not every single student has a two-page resume, but here every single student has the opportunity to create one. Because UNI’s immersive education combines critical coursework with real, practical field work, you’ll have access to great industry relationships for internships, work experiences and future career opportunities.

Experience projects like restoring wetlands, developing instructional strategies for all grade levels, partnering on research with NASA, working a summer-long international business internship or gaining clinical experience diagnosing and treating patients. These, and more, mean you’ll be well-rounded, well-educated and well-prepared for the real world with a resume that gets noticed.
You won’t need to be in the classroom long to see how UNI puts students first. Your needs, interests and career goals before all else. From allowing undergraduates to do graduate-level research and opening wide internship doors to supporting bold new ideas and even helping proofread a resume, you’ll discover UNI faculty teach more than courses — they prepare you for the real world.

Professors who teach from the heart and the textbook.
What you’ll find outside the classroom.

**Your New Home**
Living on campus is so much more than your dorm room. It’s about being at the center of campus life, surrounded by the best of everything. Bump into friends regularly. Enjoy easy access to meals, events and campus services. Dash out of bed and into class in minutes when you oversleep. Feel the campus vibe that’s all around you. With a broad mix of dorms, you’ll find a place that feels like home — except well, maybe your roommate.

**All the Eats**
Voted best college food in Iowa, UNI nourishes more than minds. With fresh, locally grown farm-to-table produce and from-scratch meals, it’s like dining gourmet daily. And, if you’re a picky eater or a mindful gluten-free, dairy-free vegetarian, we’ve got you covered, too. Yum is just around the corner.

+ uhd.uni.edu/dining

**Panther Athletics**
With 17 NCAA Division I sports, nothing beats Panther pride. Watching a Panther in motion, you easily get swept up in the positive energy and unbeatable spirit that makes Panther pride real and contagious. Oh, and did we mention that you get free tickets to every event? (Yeah, we said free.)

+ unipanthers.com

**Free Entertainment**
Get inspired. Laugh out loud. Sing at the top of your lungs. Do all this and more at UNI’s Gallagher Bluedorn Performing Arts Center (GBPAC), the central hub on campus for entertainment events. You’ll receive two free tickets to take in traveling Broadway shows, concerts, comedians and more.

+ gbpac.com

**Clubs & Orgs**
With 270+ organizations, clubs and activities, there’s a little bit of everything, a whole lot for everyone, and something wonderful waiting for you.

+ studentlife.uni.edu/student-organizations

**Travel the World**
Whether you spend an entire semester or even a few weeks learning in another country, that experience abroad will stretch your mind, expand your worldview and open your eyes to other cultures. If staying stateside is more appealing, you have options to attend one or two semesters at 165+ colleges and universities across the U.S., its territories plus Canada with our National Student Exchange (NSE) program.

“My School of Music professors have not only given me guidance and advice, they have reassured me and built my confidence as a performer, future conductor and teacher, and overall as a musician.”
Proof that your happy place is a real location.

Tour our perfectly-sized campus. Talk with professors and experts from your major. Check out where you’d live. Get the inside track from current students. Hear about all the innovative new ways UNI is connecting students with opportunities. And as you walk away, we hope you’ll be blown away with the feeling that UNI is perfectly right for you.

Schedule your visit at admissions.uni.edu/visit.
Affordable tuition so you can chase your dreams.

You’ve got big dreams, and we know it will take a big investment to make those dreams a reality. It’s really important to us that your UNI education is more than worth the cost. We’re focused on affordability so you can focus on making the most of your time here. We offer personalized financial aid guidance, generous scholarship offerings and ongoing support to keep you on track for graduation in four years. UNI students finish their degrees with some of the lowest student loan debt among Iowa’s four-year college graduates. Pure coincidence? We like to think not.

For cost and scholarships details, see admissions.uni.edu/cost-aid.

96% of new UNI students receive some form of financial aid.

The most affordable public, four-year university in Iowa.

You’re automatically considered for scholarships once admitted.
Start here and go anywhere.

Apply in 15 minutes.

Then you’re on your way to a new journey, one that’s all about you. And one that isn’t solely about books or good grades, either — but rather about learning what motivates you, what inspires you and what will eventually prepare you to be job-ready in four years. 

Two ways to apply*, with or without an ACT/SAT test score.

**OPTION 1**

Apply with your self-reported ACT or SAT test scores with admission based on the Regent Admissions Index (RAI) score.

**OPTION 2**

Apply as “test optional” and admission will be based on a committee review of your high school GPA and core class selections.

Apply at admissions.uni.edu/apply.

What’s the Regent Admissions Index (RAI) score?

To qualify for automatic admission, students must achieve an RAI score of at least 245 and meet the minimal high school course requirements. Students who achieve a score less than 245 will be considered for admission on an individual basis.

How to calculate your RAI

ACT composite x 3  
+ 30 x cumulative GPA  
+ 5 x number of years of high school core courses  
= RAI score

Calculate your RAI online at iowaregents.edu/rai.

Minimum High School Course Requirements
